

BENEFITS

- Holistic - non invasive.
- Supports the body's detox efforts.
- Can be done as single treatment for light detox or as a series for more dramatic results.
- Amplifies diet and exercise efforts.
- Strengthens and tones the muscle for a beautiful look to the body.
- Can be repeated over and over without any harm to the skin and nerves.
- Painless. No heat, no freezing, no removal of the fat cells.
- By encouraging detox, enlarged cells can return to their normal size.
- An effective compliment to other modalities on the market
- Can increase stamina, endurance, and athletic ability
- Increased ATP production, an added plus for the athletic client
- For leaner clients, increased definition of muscles
- Use before big events to feel more confident
- Use before or after travel or holidays to feel less bloated
- Also has unique relaxation mode for soothing and relaxing tight muscles even knots in the shoulders.
